Experience

Student Research Assistant, Würzburg 04/2026 – Present
Computer-assisted data analysis, participation in research projects
(Supervisor: Prof. Dr. Fabian Moss)

Orchestra Management Internship, Würzburg 02/2026 – 03/2026
at *Mainfranken Theater*
personnel and data management in theatre operations

Projects and Working Groups

Computational Analysis of Brazilian Choro 04/2026 – Present
Project Lead: Prof. Dr. Fabian Moss

- We combine musicological analysis and cultural heritage research with data-driven methods to analyze Brazilian choro music.
- Develop AI-driven tools for automated harmonic analysis and melody harmonization to support contemporary musical practice.
- A presentation at *SysMus* and *ICMPC* is planned.

Human vs. AI in Symbolic Music: An Online Listening Study 11/2025 – Present
Project Lead: Prof. Dr. Fabian Moss

- Design and execute an online listening experiment to evaluate human perception in distinguishing AI-generated Bach-style chorales from human compositions.
- Accepted to present findings at the *Fourth International Conference on Computational and Cognitive Musicology (ICCCM 2026).*

Network Analysis for Computational Social Science with Python and Gephi 08/2026
Instructors: Dr. Felix Victor Münch, Dr. Dominik Thalmeier

- Participation in an interdisciplinary *Studienstiftung* summer academy in Colditz on applied graph theory in context of social sciences
- developed and presented a research idea on extremist communication behaviour using Telegram's API

Trustworthy AI – From Regulation to Reality 08/2025
Instructors: Julian Corj, Jan-Hendrik Ewering

- Selected for an interdisciplinary *Studienstiftung* summer academy in Vienna analyzing technical, legal, and organizational AI frameworks
- Evaluated and discussed impacts of the European AI Act on rapid commercial AI development
